Chapter 1 by Allison Stewart

Chapter One

Hello, reader my name is Lila i am a 10th grade student working in Darkimania its a hidden school only for kids who can do magick. Im one of them and a rumor has been going around that a dragon named "Statinite" is going around and is destroying schools like this to gain the heart of the school that allows us to do magick called the florica if that is taken away then eventually people will die because evil will take over their bodies. Also that would mean every living thing would die off and the world would end soooo... yeah we gotta stop that thing, and it just so happens im the most advanced student in the top ten schools sooo if i die everyone dies.

Chapter Two

"Chelsea what is that?" I said she looked over and screamed "IT'S STATINITE!!!" I was in complete shock the legend is true. I mumbled "WERE DOOMED". Great in that moment I pulled out my water staff and shot it it didn't do much damage so yeah but anyways WERE GONNA DIE!

..... Wait for part 2 coming up next.....
